## MEMORANDUM OF UNDERSTANDING (MoU)

This Memorandum of Understanding (MoU) is entered into this Thursday, 9<sup>th</sup> May 2024 at Mysuru by and between Examic EdTech Private Limited and Chamarajanagara University

Examic is an organization backed by over 25 years of experience in conducting digital examinations in distributed LAN-based and cloud-based delivery, including pen and paper examinations through OSM. It is an enterprise that has emerged from a business conglomerate with diversified portfolios in defense, aerospace, R&D, AgriTech, EdTech, FMCG, infrastructure, and healthcare. The technology platforms cater to government bodies, exam conducting boards, educational institutions, enterprises, and other internationally renowned entities. Examic's innovative platform, XaaP (Anything-as-a-Platform), seamlessly integrates software, platform, and infrastructure as a service from any environment via a single common platform throughout the enterprise. It is indigenously developed by our software architecture, cybersecurity, and product enhancement teams to meet the evolving needs of discerning customers. Examic's solution simplifies the assessment processes, starting from applicant registration to result publication. It provides near-instantaneous installation of the assessment software, requiring only a browser and minimal desktop infrastructure capabilities. The solution enables a large number of candidates to take tests across multiple locations simultaneously in a single shift/ across multiple shifts and multiple locations, ensuring complete traceability of any assessment.

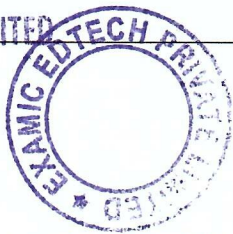

and

**Chamarajanagara University** is established in the year 2023 by the Government of Karnataka. The university has the vision to empower students to transform the world with commitment and confidence through service and competence in leadership and thus emerge as a global center of excellence for lifelong learning by promoting and nurturing innovation and entrepreneurship

The mission of the university is to contribute to society by inspiring students, faculty, and people locally, nationally, and globally by extending access to flexible and inclusive opportunities, world-class teaching-learning resources and through the pursuit of education, learning, and research at the highest international levels of excellence through grooming next generation of thought leaders to address the challenges of society.

Chamarajanagara University  
Chamarajanagara

The University is responsible for the holistic development of students belonging to rural areas of Chamarajanagara District by offering Skill Oriented Professional Courses which enable employability in the competitive world. The university encourages and assists students with practical education on campus by providing opportunities to put classroom skills into practice. The university also makes an effort to expose rural students to global technical skills to cope with & sustain in a dynamic scenario.

The university is located in Chamarajanagara, the folklore Center of Karnataka. It is the southernmost district in the state of Karnataka, India. It was carved out of the original larger Mysore district in 1997 and Chamarajanagara town is the headquarters of this district. Chamarajanagara was earlier known as Sri Arikottara. Later, Chamaraja Wodeyar, the Wodeyar of Mysuru was born here and hence this place was renamed after him. Being a splendid tourist center with historical monuments and hill areas, it is about 176 km southwest of Bengaluru, the State capital and is well connected by road and rail. The campus of the University is named "Suvarnagangotri", the reservoir and also the river of Chamarajanagara district. It is located on 54 acres of picturesque land.

(Hereafter referred to collectively as the 'Parties').

Whereas, the Parties recognized the benefits of mutual cooperation between the Parties in the areas of Skill Development, digital assessment, placement support services, Faculty Development, etc .

Whereas, it is anticipated that each Party will benefit from the complementary experience, skills, faculties, knowledge, networking, and training facilities of the other Party;

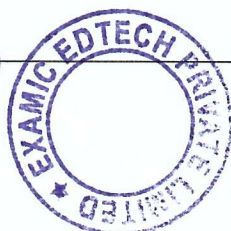

Now, therefore, the Parties mutually agree on the following:

## Scope of MoU

### 1. Skill Development:

Skill development is a cornerstone of personal and professional growth, essential for individuals, communities, and nations to thrive in an ever-evolving world. It encompasses the acquisition and refinement of competencies, ranging from technical expertise to soft skills like communication and critical thinking. Through targeted training, education, and experiential learning opportunities, individuals can unlock their potential, enhance employability, and adapt to changing economic landscapes. Moreover, skill development initiatives contribute to economic productivity, innovation, and social cohesion by empowering individuals to contribute meaningfully to society. Embracing skill development fosters a culture of lifelong learning, where continuous improvement becomes a pathway to success, both for individuals and the broader society.

## 2. Digital Assessment:

There are many types of assessments that are conducted ranging from internal assessments, formative and summative assessments at semester level and annual level. These assessments may be computer based, pen and paper based or practical in nature.

Examic will support all three-assessment pattern.

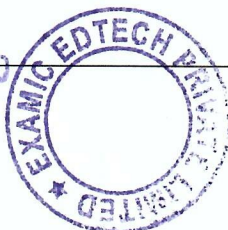

- Pen and Paper exam (digital evaluation – On screen marking)
- Computer based exam: through LAN, through desktops or laptops or student devices with secure browser.
- Assessments
  - Formative:* Formative assessments have low stakes and usually carry no grade, which in some instances may discourage the students from doing the task or fully engaging with it.
  - Summative:* summative assessment is to evaluate student learning at the end of an instructional unit by comparing it against some standard or benchmark
- Viva and Practical's (via mobile phone or computer)
